Course: Intensive English 3

Credits : NON-CREDIT

Hours: 45 hrs.

Course Description:

Using the learners' knowledge in English, the activities and tasks are designed to improve the students' performance in using English to fulfill their needs at university level. Therefore, the course focuses on enabling learners' grammatical and lexical knowledge in a more meaningful way. Besides, the course will hopefully assist them to enhance their listening, reading, and writing proficiency in English. Modularized instruction will be used to break down the tasks in order to make them more manageable.

1. Course Objectives:

In this course, students are able to communicate orally with some frequent mistakes. At this level, students need to acquire the ability to read, listen, and write effectively at university level with their English proficiency. Therefore, the course uses a competency-based approach to enhance the learners' competencies in the required skills focusing on the outcome of language learning.

2. Learning Outcome:

It is expected that, on completion of this course, the students will be able to:

1. demonstrate more grammatical accuracies while communicating.
2. summarize and answer detailed questions in listening.
3. write accurately using strategies and accurate grammatical structures.
4. read and explain the details of the reading passage.
5. take notes and discuss unfamiliar topics.
